Librarian's Report to the Trustees

The Librarian and the Trustees wish to make the library a necessity in the life of our community. There are many fine books on the shelves of your Library; they can't give pleasure to anyone unless they are removed from the shelves and read and reread.

It is a pleasure to read a good book; to make of that book and its author, a friend; and the more of these friends we have, the happier and broader our lives become.

Forty books have been added to the Library bought by the sub-committee of the Trustees from funds appropriated by the Town.

One book of the Every Man's Edition has been received from Dr. Hill and he continues to send "The Missionary Review," a monthly magazine.

During the summer Miss Grace Deering gave the Library six books of fiction.

Mrs. Francis J. Burton of New Ipswich, whose death occurred May 8, 1935, had desired to give the Century Dictionary and Encyclopedia to the Mansfield Public Library, in memory of her husband, Mr. George D. Burton, who was born in Temple. Mrs. Jones brought the books to the Library, ten volumes of the Dictionary and two smaller books. She also gave the Library four volumes of History of the World by Rottick from Mrs. Burton's collection.

The sub-committee has subscribed for a year for the "Yankee," a monthly magazine published in Dublin, N. H. If you haven't yet seen this delightful magazine, do come to the Library soon. Its articles and stories are written by our own New Hampshire authors, people whom you know and love.

The Library has borrowed forty books for children from the Public Library Commission. These books are in the school building in charge of the teachers. As soon as the children have read the books, we may send them back to Concord and get a new collection. Thus our children have the opportunity to read fine books suited to their age group.

The Library owns some fine books but we cannot afford to buy as many as our children need. We are very grateful to the Library Commission for this service.

The Library has the privilege of borrowing, on request, non-fictional books from the State Library. Requests for such books may be made through your local librarian.

Respectfully submitted,

PEARL S. HEMINGWAY, *Librarian*

Warrant for School Meeting

THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the School District in the town of Temple,
N. H., qualified to vote in district affairs:*

You are hereby notified to meet at the Town Hall in said District on the 10th day of March, 1936, at 2 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.

9. To see if the District will vote to authorize the School Board to make a contract with Appleton Academy for tuition at a fixed rate of \$85.00 a year.

10. To transact any further business that may legally come before the meeting.

Given under our hands at said Temple this 20th day of February, 1936.

Report of School Board

For the Fiscal Year Beginning July 1st, 1934, Ending
June 30th, 1935

The Board of Education of Temple respectfully submits its annual report with that of its Treasurer, Superintendent and Auditors.

We feel that we are fortunate in securing Mr. Frank R. Bennett as teacher in the Grammar Room, as the interest and enthusiasm of the pupils assure us that the choice was a wise one.

We realize and appreciate our good fortune in keeping Miss Helen Rideout as teacher in the Primary Room.

We feel that the children have done good work this year.

The co-operation of the citizens is greatly appreciated.

Report of School Superintendent

To the School Board and Citizens of Temple:

I respectfully submit my thirteenth annual report as Superintendent of Schools.

Supervision

While a considerable portion of a superintendent's time is occupied with administrative duties, his chief function is in the field of supervising the work of teachers and pupils. Supervision is accomplished in a variety of ways. By observation of the activities carried on in the school room during visits one gets a very good general impression of the standards of instruction and of the attitudes of the pupils toward the learning situation. The rate of progress in each grade and subject is checked by comparison of periodical reports from the teachers with certain standards of progress. The proficiency of the pupils in the skills they are acquiring and in the specific knowledge they are gaining is gauged by a series of standardized tests such as was outlined in the annual report a year ago. Another helpful source of information is contact with parents; constructive criticism from this source is always welcome, and without it one is apt to lose much of the personal and human element that should always be a guiding factor in supervision.

Teachers and Salaries

For the past several years it has been common knowledge that many qualified teachers were unemployed. This is still true in the high school field, except in Commercial and Domestic Arts subjects, but the surplus of qualified teachers for the upper grades has very nearly disappeared, and there is at the present time an actual scarcity of primary grade teachers. At a recent conference of superintendents, the President of one of the Normal Schools made a strong plea for us to send to the Normal Schools a larger number of students to be trained for teaching.

During the depression salaries in general decreased and reached their lowest point a year ago. Partial restoration of the reductions has been made in a large number of towns and cities this year, so that the average salaries are somewhat higher and the trend is toward further increases. This trend will of course be greater as the surplus of teachers diminishes and disappears.

Cost of Textbooks

The question is sometimes asked why the cost of textbooks runs so high each year. I have attempted an analysis of this cost. Each child requires from ten to fourteen different books in his progress through each grade, or a total of 92 for the eight grades. The cost of these is approximately \$66, or an average of \$8.25 per grade. These books wear out or become obsolete in from four to ten years, and the replacement cost on this basis is estimated at \$1.40 per pupil each year. Temple has approximately 40 pupils in grades one to eight, so that the textbook replacement would amount to \$56 a year. The average actual expenditure per pupil last year in New Hampshire was \$1.19. In Temple the average actual expenditure for textbooks in the past four years has been 96 cents per pupil. Each year a careful estimate is made of the needs for the coming year, based upon the probable number of pupils in each grade and the condition of the books on hand. This estimate appears in the budget.

Health Program

The medical inspection was made in September by Dr. Cayward and Mrs. Cutter, who report as follows:

Number of pupils examined—36 Absent—1		
	Defects	Corrections made since last examination
10% Underweight	3	
Defective Vision	2	
Defective Teeth	15	20
Diseased Tonsils	11	1
Enlarged Glands	6	

Repairs and Improvements

The extensive changes made last summer in the arrangement of returns from the steam radiators seemed to have accomplished the purpose intended. The Primary Room was redecorated. The vestibule and basements need to be renovated next summer, and allowance has been made for this in the budget.

Budget

The total estimated cost for next year is \$170 less than the estimate made a year ago for the current year. The appropriation needed to meet the budget is \$4000, in place of \$4100 that was appropriated for the current year. We expect to have a balance of at least \$1000 next June, so \$450.75 of this has been used in the budget to bring the appropriation down to \$4000. The State Aid allotment for next year is \$1,825.75, in place of \$1,992.64 received this year. The difference is due to an adjustment balance in favor of the state on last year's account. The following items in the budget call for comment: Last year's budget called for \$2000 in Teachers' Salaries, but the contracts total \$1900 this year; with the upward trend of teachers' salaries we should be prepared to make such increases as the success of our teachers warrants. High School Tuition cost was estimated a year ago at \$1800, but the cost is only approximately \$1400; allowing for those who will complete their high school course in June, and for the eighth grade pupils who will probably enter high school next fall, we estimate the cost next year will be \$1760. Some new equipment will be needed, at a cost of perhaps \$20.

Respectfully,

VERNON S. AMES,
Superintendent of Schools

Wilton, New Hampshire, February 13, 1936.
